### **RxNT Physician Accepts Safe-Rx™ “E-Prescriber of the Year” Award from Surescripts**

RxNT, the leader in eprescribing, today recognizes Surescripts for their creation of the Safe-Rx Awards to raise awareness of e-prescribing as a means of enhancing patient safety by providing a more secure, accurate and informed prescribing process.

As part of this, Surescripts recognizes six physicians nationally for their outstanding efforts to embrace eprescribing through the “E-Prescriber of the Year” award.

Today, Dr. Abdul Kabir of Michigan was presented the “E-Prescriber of the Year” award from Surescripts.

“We were excited to see Dr Abdul Kabir receive the national award presented in person by Dr Peter Basch”, states Randy Boldyga, President/CEO of RxNT. “This is the third year in a row that one of our physicians has been nationally recognized at the Safe-Rx Awards and we attribute the success to our quality product and stellar customer support which allow physicians to embrace our technology with few of the hang-ups typically experienced with alternative solutions.”

“We congratulate Dr. Kabir and the other Safe-Rx Award winners for increasing the use of e-prescribing and for the benefit it has brought to the economy, safety and quality of patient care in communities throughout their states,” said Harry Totonis, president and CEO of Surescripts.

#### **About Surescripts**

Surescripts is the result of a 2008 merger between the country’s two leading health information networks: RxHub and SureScripts. Surescripts gives healthcare providers secure, electronic access to prescription and health information that can save their patients’ lives, improve efficiency and reduce the cost of healthcare for all. Available during emergencies or routine care, the Surescripts network connects prescribers in all 50 states through their choice of e-prescribing software to the nation’s leading payers, chain pharmacies and independent pharmacies. Through its work in standards, certification, education and collaboration at the national, regional and state

levels, Surescripts and its network have become the backbone that facilitates e-prescribing. For more information, go to [www.surescripts.com](http://www.surescripts.com).

**About RxNT**
